### **Cassini, Saint-Emilion red 2021**

**For the curious:** The strange **curve drawn on the label** is a tribute to the winemaker's ancestor, Jean-Dominique Cassini, a mathematician - astronomer - cartographer who "invented" in 1680 the oval that bears his name, colloquially called "cat's eyes" or the "cassinoid," which describes the true movements of the Sun and its various distances from the Earth (to keep it simple!). It is mentioned in the famous *Encyclopédie* by d'Alembert in 1784, a family pride ;-)

**Technical sheet written by the domaine:**

**Cassini Saint Emilion:** 2 hectares

**Grapes:** 85% Merlot + 15% Cabernet Franc

**Vinification:**

No additives.

No filtration or fining.

Only the natural yeasts from the grapes for fermentation.
