## Product short description:

When discussing Burgundy Chardonnay, it's not just about the prestigious appellations like Montrachet, Meursault, Nuits Saint Georges, Puligny-Montrachet, Chassagne-Montrachet, etc. Discover lesser-known terroirs, with the assurance of quality thanks to the signature of the finest winemakers.

## Product description:

We want to show that there are affordable white Burgundies available.

In Burgundy, you can still find magnificent Chardonnays (and Aligotés) at reasonable prices! You just need to venture off the beaten path and, above all, select excellent winemakers.

This mixed case contains one bottle of each of the following white Burgundies, crafted by some of the best names in the region.

They perfectly represent the diversity of Burgundy's terroirs, a region with limited production where prices, which are rising each year, fortunately remain moderate when discussing lesser-known appellations in the United States or Asia.
