Domaine François Lumpp Givry 1er Cru "A Vigne Rouge" red 2023

RVF Guide to the Best Wines of France 2026 (Sept 2025): **Favorite** and **94/100 RVF**. *A Vigne*

---

*Rouge impresses with its density of flavors and balance, an energetic and quite structured wine.*

**Technical sheet written by the domaine:**

**Grape variety:** pinot noir

**Area:** 2.45 Ha

**Orientation:** south, southwest (259 m) and east, southeast (255m)

**Terroir:** Upper Oxfordian, Nantoux limestone, limestone arranged in benches separated by fine marls.

**Our vision of the profession:** Having the chance to have beautiful terroirs at our disposal, we have combined them with a quality grape variety and rigorous vineyard and soil work.

We have chosen a progressive sustainable viticulture: abandonment of chemical weeding since 1995, with soil work (tillage, light hilling, inter-row cultivation...) to control the various weeds that grow in our vineyards and to avoid compaction. The number of treatments and the choice of vine protection products depend mainly on the rainfall of the current year. We generally start with approved treatments in organic viticulture (copper/sulfur) to prevent the appearance of various diseases. If the pressure from these becomes too significant, we choose conventional treatments to reduce the number of passes that the use of organic products would entail to ensure the good health of the vine and grapes.

Green harvesting is sometimes necessary to limit yields and achieve a quality harvest.

For the same purpose and to combat wood diseases, we changed our pruning system in 2013.

The grapes are harvested by hand and meticulously sorted on the vine by the pickers and then on a sorting table to ensure the quality of the wine regardless of the vintage.

The work in the cellar continues the work in the vineyard, as simply as possible, with the aim of allowing the terroir to express itself. The oak barrel aging has been adjusted over the vintages by François with a portion of new barrels, and barrels of one and two wines.

The wines remain in barrels for about 12 months. They are then racked, filtered, and bottled after tasting and in accordance with the lunar calendar. A resting period between each step allows the wine to be appreciated under the best conditions right from bottling.
