Appellation: Morgon

Color: red

Unit Price: 15-20 €

Size: 75cl

organic or not: biodynamic and organic certified agriculture

Cépage dominant: gamay

Alcool: 13

## **Product short description:**

Produced in the superb Corcelette climat in the Morgon appellation, this delicious cuvée, which is very representative of the climat from which it comes (all delicacy), is perhaps the only one, along with La Voûte, that can be enjoyed without waiting. Of course, like any self-respecting Morgon, it also has many fine years ahead of it.

Comments about

**Domaine Louis-Claude Desvignes Corcelette red 2024**

---

Technical sheet compiled by the domaine:

Appellation: Morgon

Domaine name: Louis-Claude DESVIGNES

Climat name: Corcelette

Vineyard area for this cuvée: 0.80 hectares

Age of vines: 50 years

Soil type: Very poor pink granite located at higher altitude.

Exposure: South

*Tasting notes: From the western part of the Morgon cru, on the edge of Saint-Joseph, this beautiful cuvée evokes tasty notes of tart red fruits, redcurrants and raspberries on the nose. It is distinguished by a balanced palate that is both taut and indulgent. It is already characterised by its excellent drinkability.*

History: The Louis-Claude Desvignes domaine in Villié-Morgon, Beaujolais, is like its stones: robust, worn and invigorated by time, everything remains frozen in time and yet constantly evolving. Behind this 1722 gate and the typical vaulted ceiling of old winegrowers' houses, wines that are delicate, surprising and powerful at the same time are aged and refined. Eight generations have succeeded one another at Domaine Louis-Claude Desvignes, passing on their expertise, which is inspired by tradition and enriched by constant questioning.
