Comments about

## **Domaine Louis-Claude Desvignes Morgon Côte du Py red 2024**

Technical data sheet compiled by the domaine:

---

Name of the climate: Côte du Py

Vineyard area for this cuvée: 2.20 hectares (approximately 8,000 bottles)

Age of vines: 70 years

Soil type: schist and fragmented igneous rock.

Exposure: East-facing slopes

Vine cultivation: The soils are ploughed - no herbicides are used - products approved for organic farming have been used since 2005.

In order to avoid compacting our ploughed soils and to respect microbial life, all work in the vineyard is carried out by hand (except ploughing and treatments).
