Comments from the winemakers on their

Chavy-Chouet Bourgogne "Les Femelottes" (Chardonnay) dry white 2024

We produce our entry-level wine on the "Les Femelottes" climate located in Puligny-Montrachet, very close to the first Puligny. The geographical and geological qualities of this terroir allow us to produce a Bourgogne that frequently surprises with its high quality.

Every action we take throughout the year aims solely to produce quality wines. These ambitions require us to be very attentive and careful towards our vines. We therefore implement qualitative methods that lead us to manually pass and re-pass up to 12 times on each vine in a year.

Technical sheet written by the domaine:

"Les Femelottes" is a plot located in Puligny-Montrachet and borders the village appellation.

Surface area: 3Ha

Vine age: 40 years

Grape variety: Chardonnay

Planting density: 10000

Soil: clay-sandy

Aging: 10% new barrels, aging 10 months

Tasting notes: Les Femelottes, in Puligny-Montrachet, situated on an exceptional terroir for a Bourgogne, delivers a subtle white wine. The cuvée presents with a lot of freshness. The palate, supple and fruity, is balanced. To be enjoyed from today for its freshness and over the next few years.
