Domaine de Terrebrune "Terreblonde" red 2024 :

Technical sheet written by the domaine :

The new wine from the domaine. Delicious and accessible from its youth, it will keep you waiting during the aging of the Bandol.

Grapes : Mourvèdre 70%, Grenache 15% and Cinsault 15%

Climatology : The vintage was marked by low levels of precipitation. The rather mild summer allowed the vines to ripen their grapes under good conditions.

It comes from the lightest plots of the domaine, on the marine limestone subsoil of the Trias that characterizes the wines of Terrebrune.

Elaboration : In organic and biodynamic practices, respecting the natural ecosystem of the vine and its environment.

Tasting: Its color is deep red with violet reflections.

Its nose reveals delicate aromas of violet and red fruits.

Its tasty tannins provide a delicious texture on the palate, combining liveliness, freshness, and depth.
